Looks good. Don't forget to include an explanation of travel charging.

Also you may want to make a statement that this applies to all Superfund and non-Superfund employees, just to be very specific.

At least I believe that was the final conclusion.

Subject: Gold King Mine Site Charging Guidance

Good Morning,

I was really trying to make this as simple as possible.....take a look and let me know if I am saying this wrong or if any additional items need to be added.

Good Morning Everyone,

We realize the collaborative guidance sent out by OB/OSWER left many questions unanswered. Below is some further guidance for everyone based on multiple site charging situations:

Regular Time:

Working 100% on GKM – site charge 100% to the account favorite loaded in PPL+ (2015 T 06L 303DC6 A8K9RV00).

Working less than 100% on GKM – only site charge to the account favorite loaded in PPL+ (2015 T 06L 303DC6 A8K9RV00) for the hours you actually worked on the site.

Overtime:

Should all be charged to the account favorite loaded for you in PPL+ (2015 T 06L 303DC6 A8K9RV00).

Please ensure you are no longer charging to A6LSXX00.
